- 8.2 A driver who records a lap time of more than 0.10 second faster than the class cut-off times shown in ART 10 on one occasion, in any of the three racing heats, will be promoted and placed in an appropriate class according to the lap time with immediate effect, and applicable to all racing heats on the day.
- 8.3 A driver can move up in the class structure but never down again in the same year, except in exceptional circumstances and with the special written permission of the Controllers.

11. **DRIVER CONDUCT**

Refer SSR's 46 to 66 (where applicable).

- 11.1 At the discretion of the COC, SSR 50 i) i) (White Line Rule) may be implemented at any stage.
- 11.2 Bumping and/or pushing of other vehicles on the circuit is not allowed and any drivers found doing this will be penalized by the Clerk of the Course in terms of GCR 157. The Clerk of the Course must consider infringements at previous events which resulted in penalties being imposed, when imposing penalties under this heading.
- 11.3 Any competitor who disadvantages another competitor by bumping said competitor's vehicle, even unintentionally which results in the loss of place(s) during a race will, at the discretion of the Clerk of the Course, generally be penalized so as to finish behind the competitor that was disadvantaged. More severe penalties will be applied in the case of repeat offenders.
- 11.4 The vehicle ahead of any other vehicle in any 'train' of two or more vehicles on the circuit may only change direction once in a straight line from the exit of one corner up to and including the entrance to the next corner unless involved in a genuine overtaking manoeuvre.
- 11.5 When attempting an overtaking manoeuvre coming into a turn, at the end of the braking area, the front bumper of the overtaking vehicle must be past the "B" pillar of the vehicle ahead before the entry to the turn.

- 11.6 If this is not the case then the overtaking vehicle must back off and allow the vehicle ahead to take the racing line through the corner.
- 11.7 If the bumper of the overtaking vehicle is past the "B" pillar of the vehicle ahead, the lead vehicle must take a line so as to allow both vehicles to successfully negotiate the corner and exit. Note: This rule does not apply to 'sweeps', which are treated as normal 'straight line' racing.
- 11.8 At the discretion of the COC, all new drivers to the Championship may be required to have ribbons (Candy Tape) attached to the rear of their vehicles for their first two or three race meetings.
- 11.9 The Clerk of the Course shall be empowered to make use of yellow/red cards in respect of driver conduct issues, as per the following:
- a) A driver receiving a yellow card will be given a 3 place grid penalty for each of the 3 races under yellow card conditions.
 - b) No card (either yellow or red) shall be issued without the competitor being afforded a hearing by the Clerk of the Course.
 - c) A yellow card shall have the effect of placing a competitor's driving conduct 'under observation' for the following three (3) races (heats) forming part of the championship.
 - d) A driver receiving a yellow card will be given a 3 place grid penalty for each of the 3 races under yellow card conditions.
 - e) A competitor racing 'under yellow' shall be required to prominently display a supplied yellow decal on the left & right hand side of his/her race car at all times during the affected races, alternatively yellow ribbons will be attached to the vehicle under observation.
 - f) If a competitor is found guilty of an offence while 'under yellow' he/she may, following a hearing, be issued with a red card.
 - g) Should a competitor receive three yellow cards in one season, the COC reserves the right to issue the competitor with a red card.
 - h) The effect of a red card is to bar a competitor from taking part in the next full race meeting forming part of the championship.
 - i) In the event of the Clerk of the Course deeming a first offence to be sufficiently serious so as to warrant the imposition of an immediate red card, he shall be empowered to take such action.
 - j) 'Card decisions' need not necessarily be made at an event. Following an incident report or protest, the Clerk of the Course may await any additional footage (or other suitable evidence) which may be available after the event before making a decision. The competitor will generally be informed on the day if further evidence is being awaited.
 - k) Where a 'card decision' is made on the day of an event, the affected competitor shall have the right of protest to the Stewards of the Meeting (and the right of subsequent appeal).
 - l) Where a 'card decision' is made between events, the decision shall only be subject to an appeal in terms of the provisions of GCR 214D.
 - m) Yellow/red cards issued in one racing season will generally not be carried over into the next racing season, this being at the discretion of the Clerk of the Course. However, competitors guilty of an offence in the last race of the season may be penalized accordingly depending on the severity of the offence.

12. CHAMPIONSHIP EVENTS, FORMAT, AND STATUS

- 12.1 The events making up the championship are listed in the 2025 MSA Calendar. When more than one race/heat is held on any one particular day, the overall positions for the day will be used solely for the purpose of determining an overall winner for the day and shall have no effect on the points counting towards the EC Historic Series Championship. If a tie should arise in determining the overall winner for the day, the driver with the best result in terms of combined race time for the heats, will be used to determine a winner for the purpose of trophies only.
- 12.2 The 2025 championship will consist of seven (7) rounds. Only six (6) of the seven (7) rounds will count towards the 2025 championship, which means that any competitor can drop his/her worst scoring round, from counting towards the championship.
- 12.3 Each round in East London will consist of a minimum of three races or heats. Heats per round will consist of 3 X 6-lap heats, or 2 X 8-lap heats. This may change at the “away” event or events as per their rules on the day.
- 12.4 The organizers reserve the right to host more than three races at any of the rounds to make up the minimum number of races for the year.
- 12.5 Should less than 12 qualifying races/heats be held and scored during the season, the championship may be declared null and void by the Controllers.

13. POINTS SCORING PER CLASS

- 13.1 Points will be scored in each race for each class determined by the number of cars competing on the day in the specific class. The maximum number cars in class competing in any of the heats, will determine the points to be scored in all the heats on the day.

No of Competitors per class	Finishing position in a racing heat per class									
	1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th	9 th	10 th
	Points allocated									
4 to 10	10	9	8	7	6	5	4	3	2	1
3	9	8	7							
2	8	7								
1	7									

- 13.2 For starting of the first heat of the event, a driver will score 5 bonus points.
- 13.3 For completing the last heat of the event, a driver will score 5 bonus points.
- 13.4 For winning the class with the most competitors on the day, a driver will score 1 bonus point. Should drivers tie for winning the class with the most competitors on the day, no bonus point will be allocated.

- 13.5 There must be an average of six (6) eligible starters for 60% of the nominated championship events for the combined classes, for the race meeting itself to qualify for championship status. To be classified as a starter, a competitor must participate in at least one of the official practice sessions listed in the supplementary regulations for the event, and/or participate in the race/event itself Refer SSR 82 i).
- 13.6 In order to be classified as a finisher, a car must have completed not less than 66% of the distance of the race under its own power. The 66% shall be calculated by rounding off to the nearest lap.
- 13.7 Competing drivers who are ineligible for the championship, will be ignored in the results for the purpose of scoring the championship but will qualify for awards on the day (trophies).
- 13.8 Should a driver score points in a particular class and thereafter move up to the next class, he/she will only carry forward any points obtained to the overall championship and not to the class championship.

14. QUALIFYING, STARTING & STARTING GRID

- 14.1 The qualifying session will determine the starting grid for race 1.
Fastest Lap in Qualifying = Starting position for Race 1.
- 14.2 At the ELGP - Finishing Position in Race 1 = Starting position for Race 2
- 14.3 At the ELGP - Finishing Position in Race 2 = Starting position for Race 3
- 14.4 Away races – The hosting club rules will apply to starting positions on the grid.
- 14.5 For purposes of qualifying, classes will be amalgamated. A 10-minute session will be allocated to each combined class. During this time a competitor may take to the circuit at any time. The fastest lap will determine the starting grid as above. The tire choice will be determined by the competitor, i.e. either wet weather tires or slicks.
- 14.6 Competitor does not post a lap time in qualifying or in Race 1:
If a competitor does not post a lap time in Qualifying or Race 1, he/she will start at the back of his/her class.
- 14.7 Competitor does not finish Race 2:
If a competitor does not finish Race 2, he/she will start at the back of his/her class.

15. START PROCEDURE

Rolling starts.

16. SEPARATION OF TIES

Any ties will be resolved in favour of the competitor having the greater number of first positions. If this fails, the greater number of seconds will count, then thirds, and so on. If the tie still remains, performance in all the championship events will be taken into consideration and if this is still ineffective, then the Controllers will declare the winner on any basis they may deem fit.

17. ANNOUNCEMENT OF POINTS AWARDED

Scoring for each event will be available on the Motorsport SA website (www.motorsport.co.za) and any objections concerning the scoring must be received by MSA in writing not later than 7 (seven) days following the publication of the scoring. MSA reserves the right to correct clerical errors at any time.

18. DECLARATION OF POINTS AWARDED

The MSA Border Regional Committee at its sole discretion, is responsible for declaring a winner of the championship, or to withhold such declaration.

19. FUNCTION OF EC Historic Series Committee AS ORGANISERS

The primary function of the "ECHSC" is to obtain and negotiate sponsorships for the above-mentioned championship, as well as organizing and promoting the events that make up the championship. The "ECHSC" takes full responsibility for organizing and facilitating the end of year prize giving and trophies. It is furthermore, the function of "ECHSC", as organizers, to obtain sponsors for the categories as set out and to facilitate the payment of traveling/prize monies/trophies.
