### Off-track aid

R3 Close

Enable or disable the off-track aid.

- Enabled: it will be easier to control the bike on grass, sand and gravel.
- Disabled: the riding model will offer more simulation and penalisation when you make mistakes.

## MSRSA MotoGP24 Social Challenge – Format.

See slides above outlining the format, and set up that would be used by MSRSA, for the MSRSA MotoGP24 Social Challenges.

### Finer outline of the format / application of settings:

- Game: MotoGP24.
- Tracks / Dates of races: Various / See page 7, below table of events.
- Event time: **Moto 2: Qualifying** – 20:00 to 20:10 / **Race** – 20:10 to 20:35. MotoGP : **Qualifying** – 20:35 to 20:45 / **Race** – 20:45 to 21:15.
- Motorcycles: Moto 2, MotoGP.
- Transmission: Set to manual.
- Fuel & Tyre wear: Are set to be proportionate to the race length/ track.
- Balanced Performance: All Motorcycles performance is the same.
- Qualifying: 10 Minutes.
- Race: 12 laps. Approximately 50% Race Distance. 12 laps. Time frame: roughly 25 minutes to complete.
- Weather: Variable
- Two races: We would run two races of the above format, with the below being applied. First race would be in Moto2 & the second race would be in MotoGP.
- Penalties: Set to strict.
- Long Lap penalties: Set to having to be manually carried out.
- Grid slots: The aim is to have 12 to 15 riders, on the grid. However, if the attendance is below this number, due to circumstances beyond our control (external factors) the gaps will be filled by AI rider. This will allow the actual riders on the grid to go head to head, and show their skills, and by competing against other AI Riders who will keep them on their toes.

### Additional information:

- PlayStation 5: We will look to run these events on PS5, and will look to stream.
- Cross Platform: This should still be able to be played cross platform from PlayStation 5 (Plus), Xbox series X (Game Pass). As long as the competitors (Participants) have the game, the necessary online access, reliable internet.
